Health and Safety Policy

Statement of Intent

The Board of Directors of Opus Design Services Ltd fully accept their responsibilities that as far as practically possible the health, safety and welfare at work of all employees and other persons affected by the company's work operations meet the objectives set out in the following statements.

- Provide and maintain plant and systems of work which are so far as is reasonably practicable, safe and without risks to health.
- Ensure so far as is reasonably practicable, safety and absence of risks to health about the use, handling, storage and transport of articles and substances.
- Provide information, instruction, training and supervision as is necessary to ensure, so far as is reasonably practicable, the health and safety at work of our employees.
- Maintain in a condition that is safe and without risks to health, so far as is reasonably practicable, any place of work under our control.
- Provide means of access to an egress from any place of work under our control which is, so far as is reasonably practicable, safe and without risks to health.
- Provide and maintain for our employees a working environment that is, so far as is reasonably practicable, safe, without risks to health, and adequate as regards facilities and arrangements for their welfare at work.
- The Board of Directors accept that Health and Safety are management responsibilities but they depend on the co-operation of all employees to make the policy successful.
- It is the duty of all employees to comply with the Safety Policy at all times, to act responsibly and take whatever sensible actions are necessary to prevent injury to themselves and other employees.
- Directors and Management of the Company will monitor the operation of this policy. This policy will be displayed at each office, workshop, site and work place for inspection by all employees.
